

The Spirit Realm

Part 1

Why The Spirit Realm?

This is another subject like when Mighty God was literally in my sleep dictating to me; this is another one of those that literally came to me; I'm walking, talking, I'm pumping gas, and revelations were falling from all over the place, and when I was putting the message together, I decided I wanted to tell you guys all today—everything that He told me. And I was putting it together, I'm like, "Lord, nothing so far is saying what you told me—He was like, **"day 1 is just laying down the foundations of the Spirit Realm."**

- And so, one of the reasons that you need to understand the realm of the Spirit and why it is that I want am starting from the basics, is because I'm looking at Christianity today and I think that the realm of the Spirit has become so much of a mystery, that I feel like when I'm hearing people preaching or talking, it's like we're trying to piece together ideas sometimes that don't flow—they're not consistent.
- And then you would hear one pastor or somebody, not just clergy; somebody would say, "this is what happens in the realm of the Spirit; and then another person would be like, and

this happens—and then you're like, "wait a minute," yal'll contradicted each other and they're like, no we didn't, it's all the same!

- I'm like, "no, no, it's not." And it's like, okay, so one of the things I want to do in this series, is actually give biblical backings to the claims that we claim; but to also bring to you the revelation of what It even means to discuss the Spirit Realm where I bring it to you so that it is not much of a mystery so much. **(Right?)**.
- Because I understand the things of God, the thing of the Spirit has to be revealed—let me put it this way, it will be a mystery in the sense that it has to be revelation, but God has disclosed this mystery to us—and so if we're walking in the Spirit, we should understand it.

Why is this important?

Because you cannot walk as a Christian if you have not understood the realm of the Spirit because the entire power of your Christianity, comes from there. If you don't understand your positioning in the realm of the Spirit, you would be the same person even after you have said "come into my life." **(We're together so far?)**

- You don't understand, how to use a thing if you have not understood why it was made. **(Was that clear?)**. For example, you know how we always say when you're praying, "in the name of Jesus, or I cover myself with the blood of Jesus."

What does that mean, where did it come from?

What's the meaning in blood? When they wrote it down, what were they thinking when they wrote it down? Some of us think of it from a magical perspective—where "I said it so it should cover me."

- The understanding behind what you're saying, must carry the power for it to be accomplished. You can't just say empty words and expect things to be moving in the realm of the Spirit; there is even order, to how things work in the realm of the Spirit.
- This is a subject that literally, whoever brought you into Christianity or is raising you or is your pastor, has to talk about this. Cause if you don't dabble up in all of this, in Christianity, you are a powerless Christian.
- The idea of even faith has to be understood from the realm of the Spirit because faith is not simply a determination to believe something.
- Even to have faith in Christianity is to pull out what God said from the Spirit realm into the physical. But, how do you know how to even put your hand on what He said if you can't go from this (physical) to that (Spirit realm). **(Are we together?)**.
- So, having laid down that foundation, let me give you guys some definitions and then we'll do a quick exercise, and we'll continue with the message.

Spirit	Realm
OT: <i>Ruach</i>	A Kingdom
NT: <i>Pneuma</i>	a field or domain of Activity or interest

Today will be just the basics of the Spirit realm. So, when you hear the word Spirit, (**okay?**), the word in Hebrew is “Ruach,” in the New Testament which was written in Greek, is “Pneuma.” Ruach! Adonai, the Spirit of God!

- Ruach, just means Spirit; Pneuma means Spirit—same thing. The word Spirit in both Hebrew and Greek, just mean breath, wind; (**why?**) because we can’t see “breath”, but we can feel its effects.
- Invisible, but a force. The word Spirit therefore is just an existence by which I cannot see; but I can feel its presence.

Why do I say we feel the presence of the Lord?

Because we’re saying that He is *Ruach Pneuma*—meaning, we’re saying He exists; how do you know He exists—well I feel His presence; in His word, I feel Him when I am worshiping; that perceives and goes beyond just the human capacity to understand.

- So, when you say the Spirit of God, what you’re literally saying in literal context is the “Breath of God.” His presence. The invisible by which I could feel its force. Amen.
- When you hear the word realm, all you’re saying is it’s a Kingdom, a dominion—a field or of activity or interest.
- A realm is how things are operated with its own laws, rules, and regulations; there is an actual entity that they work within a certain framework of understanding and how they have dominion in their own jurisdiction.
- So, all of the sudden, when you put the words together, *Spirit realm*, let me demystify it with the most simplest explanation—yet it is not all encompassing because by the time you study, it does grow in complexity but the basis of understanding of the Spirit Realm, should be the place where invisible beings live and function.

Let me explain that:

The Spirits is an actual existing entity so listen, when I say the *Spirit Realm*, part of what I want you to do is separate Spirit and Realm; what I’m actually saying is that spirits are actually, let me put it this way, individuals.

- These are actual individuals, but they have a realm by which they operate. So, when I say Spirit Realm, it’s just a place; it is an actual existence—it’s just invisible to your human eyes.

- By which invisible beings live and (**what?**) function. So, there is a Spirit realm, (**and what is it?**), so let me put it this way; there is an earthly realm—that’s where you and I live; then there’s the Spirit Realm, this is where spirits live.

Did you see that distinction?

So, the next time I say the Spirit Realm, you know we’re talking about another realm that is beyond the flesh. (**Okay?**), just follow me, I’m decomposing it so that we will understand it as I build up. (**Are we together so far, we’re Christians?**) Good.

- So, when we’re talking about the Spirit realm, we’re talking about the place where invisible beings live and function—that is the spirit. So, we are the fleshly realm, they are in the realm of the Spirit. (**Okay?**)

Contact in the realm of the Spirit:

Now, let’s do this live poll; and the question is, who has had contact with the realm of the Spirit? By a show of hands,

1. How many of us has had contact with the realm of the Spirit?
2. Tell me how is it that you had contact with the realm of the Spirit—how did you contact the realm of the Spirit?

Answers:

- Prayers,
- By touching an item
- It came to the person

The primary answer given is that individuals have had contact with the realm of Spirit through prayer.

If you know me, you know that that was a trick question; because if you are a human being, (**right?**), you are 24-7 in contact with the Spirit realm.

- If you are a Christian, you are constantly in connection with the realm of the Spirit—whether you are Christian or you not, you are in contact—if fact, one of the revelations that God gave me is that **“no human being is independent of a governing Spirit,”** no human, ever does anything without the influence of a Spirit.
- Nobody. Nobody has an autonomous nature of where they get to pick and choose which Spirit, they walk with; it’s either the Spirit of God is leading you, or it’s the other spirit that is literally the other one,

- We just say, “Devil” no, the bible actually has a specific name for that spirit that is literally in contention with the realm of the Spirit—so it’s either you are being led by the Spirit of God, or you allow your flesh to come alive by which there is another spirit that is guiding you.
- In fact, we start to see it now, where the bible actually says—to even an unbeliever, sin in itself is not just a decision you made for yourself, you needed help to sin.
- The way the bible puts it, is that as the way we literally knew God, it took the Lucifer or the serpent to deceive Eve (**right?**).

Why do we call it deception?

Because you were deceived to do what you did. Every sin you commit was a deception where you were told there was a gratification at the by which your actions justified the means. In fact, here’s the verse:

Ephesians 2: 1-2

As for you, you were dead (**so, we’re talking about those that are in sin or a sinner**) in your transgressions and sins (**what?**), in which you used to live when you followed the ways of this world (**so you followed the ways of this world, why?**) and of the ruler of the kingdom of the air, (**so the name of the spirit by which we will see his name later, that governs you conduct to cause you to live according to the world and transgressions**) is called, the ruler of the kingdom of the air.

- So, literally a spirit in the air determines your activity (down here). That’s why you got that tug to do it; even after you have known the truth.
- That spirit works in tandem with your own flesh, for example, what is the one spirit that’s usually in all my deliverance, in working with people—what is the one spirit that is the most hard to break?
- There almost all—literally, sexual sins. Things to do with pornography and all that—that one is not just, leave him in Jesus’ name.
- Those spirits work with your body to even start shaping how your brain works and how your hormones are secreted in your pituitary gland.
- I can cast the demon out, but your brain needs to be rewired; this is why people keep going back to it; I can cast out as many demons as I want, as long as your brain is not renewed. Be transformed by the renewing of your (**mind**), if it is not renewed, that spirit comes back seven times stronger.
- Because the bible tells us you cast a spirit out once if it’s swiped clean and if it’s not replaced with the Spirit of God— (**guess what happens?**), he comes back with his friends seven times stronger.
- This is why I tell people, “Don’t cast nothing out unless you’re able to bring them to mentoring.” Or you’re leaving them in a worse position because you casted it out. (**We’re together, we’re learning something today?**). We’re just knocking on the door of the Spirit realm, we’re not even in yet!

- So, the spirit who is now, (listen, when you follow the ways of the world, the ruler of the kingdom of the air (**who is he?**) the spirit who is now at work in those who are (**what?**) disobedient.
- To be disobedient to Christ, you are actually being blinded by the spirit of the air. So, you do have a spirit that is working on you that it causes you, no matter what God says, you're going to do it in the way you feel it needs to be done.
- That means you are not in charge; the spirit of the air is you let that spirit tell you what to do!
- So much so that for us Christians that is depicted in the following story in order to give you the background of what I'm about to say, so, now I'm talking to Christians; you cannot do Christianity without the Spirit of God living on the inside of you.
- This is why I see a lot of people claim Christ with their mouths; but their conducts are different—(**how?**), "by their fruits you shall (**what?**), know them."
- In other words, if I am being led by the Spirit of God, I should see this fruit of the Spirit of God; if I'm being ruled by the ruler of the air, my conducts will look like (**what?**) the rulers of the air! That's the difference.
- When people tell me, "How do I know it's not of God?" look at the conduct, is that what the bible told you to do, cause you can't even do what God told you to do without the Spirit of God.
- Being a Christian is not just doing good things; no, good things won't get you anywhere; it's obeying the voice of God that makes what you're doing good. (**We're together?**).

So, if you are a Christian, let me show you how you are being governed by the Spirit of God. So, Jesus was talking to the Samaritan woman at the well (**right?**), and God's talking to her—he's like, "hey, I'm about to give you water,"

and she was like, "I'm already drawing water."

He's like, "you don't know what you're talking bout, I'm gonna give you ever-lasting water" and then Jesus decides to prophesy to her;

What does He say to her?

"You had five husbands—but it's actually four because the one you're with now is not your husband. Then she goes, "ah, He's a prophet" that she does what every over religious person does and it's annoying as a pastor; she looks at Him and goes, "but in my church, this is how we do it." See in the following:

John 4:19-20

The woman said to Him, "Sir, I perceive that you are a prophet. Our fathers worshiped on this mountain, and you Jews say that in Jerusalem is the place where one ought to worship."

- The guy just prophesied to you, and you want to tell Him how your church works! She's like no, um okay first of all if you're a prophet, from where? "cause if you're gonna do it like us Samaritans" the Samaritans were just like a mixed breed of people from the exile.

- The Jews did not consider them real Jews, so what they did is they decided to start their own temple. So, she goes, “which side are you from?” That’s why the story of the good Samaritan is a big deal—cause the Jew never helps a Samaritan—their enemies. **(Okay?)**.
- So, all of the sudden she goes, “where you from though, tell me what hood you are from?” She’s like, “we worship God here and you worship God over there; so even if you prophesy to me, we’re not from the same hood, I don’t need to be dealing with you.”

A few versus later Jesus said this:

John 4:24

“God is (what?) Spirit, and those who worship Him (it’s not about a physical location but it is that you have to worship Him where?) in the spirit and in truth.”

- This is why if you don’t put the aspect in location in what Jesus is saying, if I’m in the spirit, I should be talking about the truth. (Then why is it that He’s telling me to walk in spirit and truth?). Therefore, this spirit has to do with location, and so if you are worshiping God in spirit, that means it has to be truth that comes out of it.
- So, this is why Jesus tells her, no, listen, God is not in the flesh; God is not limited to a certain location, God *is* a Spirit, so this is another way of saying—that God, is...
- Now this is not true of all spirits; this is just true of Yahweh, omnipotent and omnipresent. By the way, the Devil is not omnipresent; and cannot read your mind, **(Okay)**. Cannot read your mind; he knows what to do with you when you open your mouth!
- Especially when you start complaining—that’s how he knows it works. God is **(what?)** Spirit: so, if you’re going to worship or even pray, if you really say, “I am a Christian and He’s my Father,” the reason why you are born again is because we are spirit beings living in a body.
- The fact that you call yourself a Christian means it’s your spirit and the Spirit of God—not the same thing; your spirit and the Spirit of God are not the same thing. You are a spirit that lives in a body **(why?)**, cause the earth was created as your dominion as spirits—but He put you in a body to lead you here—so that you don’t try to “fly out.”
- You are gonna stay here, you are not going nowhere. And you are going to run the affairs as a person—that what I gave to Adam to tame the garden; meaning you are a spirit but I’m gonna give you a body that lives on the earth because I want you to turn the earth into your dominion to reflect my Kingdom.
- That was the nature of the relationship. **(We’re following so far?)** This is literally just laying the foundation by which we will be talking about the realm of the Spirit—so do follow me.
- So, if your gonna worship God in Spirit and truth, that means you cannot worship Him through just the flesh. That means if I am praying, I must understand that I enter into a different realm when I’m talking to a Spirit.
- It is my spirit therefore, that is limited in this body that literally overcomes the flesh-ness that holds it down and travels to speak to the Father.

We're together so far?

So, when you pray, you're not doing a small thing, this is why there's confusion as to whether you should sit or lay down when praying; why is prayer such a serious thing? **(Right?)**.

- Why is it that wherever I am, (me personally), why have I made it a practice that if I am going to pray, I have to get on my knees, no matter how tired I am—because I understand the seriousness of the moment.
- The Spirit is willing, but the flesh is, **(weak)** when your flesh is weak and your spirit decides to side with your flesh—meaning, “I'm tired, lets' give it up, lets' go;” you are going according to your flesh, you just said some few words for fifteen minutes that did not leave that room. The realm of the Spirit must be taken seriously because at the time, literally,

What did God tell us in scripture?

Come before me **(what?)** boldly. Come boldly unto the throne of grace, **(why?)** because you are not just speaking out of the flesh and hopefully, I hear, your spirit is literally standing before me and talking to me!

- Now you see why I have a problem with “God is dope t-shirts.” Cause he's not no friend like that; He's a friend, I get it, He's loving, I get it, but He's a serious person. Remember when I preached Mighty God? He's not a joke; when you pray, come boldly knowing your standing before Yahweh!
- That's different, your attitude has to reflect it. **(Are we together?)**. When I'm praying, I'm praying with fire. So, you got to come to the Lord in Spirit and in truth. Amen.
- So, when you say I have an answered prayer from God, what you're literally saying is that the Spirit realm, gave you what you're looking for and so that's where faith happens and when you say God answered my prayer, what you're literally saying is that the Spirit realm has spoken concerning my physical realm.
- Now you're just waiting for the spiritual to become **(what?)** physical, **(Amen)**. That's how we're always intertwined in the realm of the Spirit.
- Now, let's talk about the location of the realm of the Spirit **(Amen)**. This is a problem to me because sometimes and I know the bible makes reference to that because we are human beings and so we must get a sense of direction up and down, the bible makes it look like hell is in the middle of the earth and Heaven is up.

That's just for us humans:

Let me tell you something about the Spirit realm; as we are seated right here, the Spirit realm is operating in this building. **(Are we together?)**.

Location:

Acts 7:55

But he, being full of the Holy Spirit, gazed into heaven and saw the glory of God, and Jesus standing at the right hand of God.

- The Spirit realm might not even in the distance that you think it is the Spirit realm literally, might even be coexisting in the fact that— **(have you read the verse that says the earth is God's footstool?)** that is metaphorical but it's trying to tell you something.
- It's within the palm of His hands. In fact, if you read your bible carefully, it seems like our existence is in itself, is in the realm of the Spirit. So, it's like I'm praying, I'm looking up and we're already in it.
- Jesus looked up too; **(right?)**. But the realm of the Spirit—in fact, let me show you a verse where Stephen was almost being stoned and Stephen was the first martyr or disciple that was killed.
- He was preaching the Gospel and they didn't like it; and right before they killed him, the bible says he was literally talking, he looked up and saw Heaven open and what he saw was Jesus standing at the right hand of the Father.
- If you read your bible carefully, the distance of the Spirit realm is literally an eye opening away. The realm of the Spirit can be viewed to you by this right now.
- So much so that in 2 Kings 6:16, Elijah could see in the realm of the Spirit, but his servant could not. He was so distressed that Elijah looked at his servant and said, "what are you afraid of?"
- The servant said, "they're coming to kill us, they're coming to kill us!" Literally He asked The Lord to open the eyes of his servant.

What did the bible say?

He saw Angels and warriors in the realm of the Spirit fill the mountain and he was like, "where did the worry go?"

- What I can see in the realm of the Spirit is what keeps me from fear and anxiety; if you can't see in the realm of the Spirit, you'll always believe it'll get you.
- We are literally in the realm of the Spirit—that's why THEY are watching us and trying to determine our actions.
- "and Jesus standing at the right hand side of the Father," Job—have you ever had this question, the book of Job: When the sons of God came to present themselves—who came too? Satan.
- Some of us have this idea that it was literally like, "oh they came and Satan too was in heaven with the Angels there."
- In the realm of the Spirit there is no distance; as I am literally speaking right now, my presence as I am talking to you, might literally be my voice echoing in heaven as I speak. **(Did you hear me)?**

What did the bible say when we become Christians?

We are seated (where?), we're seated in heavenly places. The realm of the Spirit has no distance, it can be anywhere, and it comes with revelation.

- This is why those that are deep in the realm of the Spirit, can tell when God the presence of walked in. Or, another one, "you entertain Angels unawares," (**did you read that scripture?**). He says be careful (**why?**) the spirit realm lives here with us; a lot of spirits in other words, operate here, in our dominion.
- Who's the ruler over there? We're the ones supposed have dominion (**right?**)—in Jesus, we receive it back, but who did I just show you is the ruler of the Air? Well, that spirit.
- So, in the realm of the spirit, it's not that they all live together, it's like they have jurisdiction over territories.

Location and Contact:

Depending on the spirit you have contact with, they determine what you see and experience; they all have a reason why they exist.

- Depending on the spirit you are in contact with—so let me tell you how Spirits come into being; as I've shared before that I was sexually assaulted; what spirit did I get from the man that sexually assaulted me? (**A demon**).
- This demon did not try to work in me until (**what?**), eighteen years old. Now, where did that spirit come from? (**When I was sexually assaulted**).

Was it my fault?

No, it was not. But one of the things I need you to understand in the realm of the Spirit is spirits, try their best to attach to us through the events that we go through.

- Why do we lay hands on the sick? Because touch---when you touch a person, when a person touches you, and literally the touch of a person.

What do we even hug, where did that idea come from?

The kissing and then it gravitates all the way to sex, because in touching and laying of hands is a transference of spirit.

- And based on the trauma you are experiencing; a spirit is waiting for you to open up for it to come in.
- So even with other people tried to do with you, if you are not alert in the spirit to try to push it back, you let a spirit come in.

But let's talk about some of the ways spirits introduce themselves to US:

The one with the Spirit of God is kind—he's the kindest one; how do you get the Spirit of God? (**You ask, you believe**), you ask—he says if you ask. God gave me a revelation of how cordial—literally, the Spirit of God is.

- Before He alites on a person, the person has to be willing with faith; but demonic spirits are not nice. They wait for you to give them permission when you're not aware.
- What is the one way in our generation that Satan is messing people up—they're giving permission left and right? (**Music**).
- In fact, I started to bring some lyrics into the church so that we could break it down; I opened one and as I was reading it, I get attacked in the realm of the sprit! **"The way I closed my phone and went to pray!"**
- I was on fire just from reading it! I didn't listen to it, I read it. Basically, this is what this person was saying:
- "I'm doing my best, like even a church girl let her be herself, and basically let no judgement come out of it, just be yourself."
- It actually brings up church girls in the; the rest of the album was; booty, booty, booty, thought, thought, thought, calling herself a thought and everybody else that can participate in this idea; and I was like, "look at permission granted."
- And when you touch Christians and say "music" they be like, "you're too Spiritual," yes, yes, we are! (**Absolutely we are**).
- Because we are without a governing Spirit; and the permission that we give, gives them influence.

2 Timothy 1:7

For God has not given us a spirit of fear, but of power and of and of a sound mind.

How does the spirit of fear work?

If you pray after every small thing like the spirit of anxiety; or the worst one that God cannot stand—the spirit of pride.

- By the way, these are not just the "devil." We know the difference between and demons, (**right?**), devil is the actual leader, demons are the fallen angels. (**Okay?**)
- They have their own personality; each of them. When we see the spirit of pride, it's an actual entity of a spirit.
- How do they work, how does the spirit of fear work? When you allow—through a traumatic incident—that's how they get permission.
- That's why the bible says, "when somebody does something to you, forgive right away." Because unforgiveness, gives the permission for envy, grudge, and murder.

- This is why the bible says, “if you don’t forgive” you are a murderer. Because the spirit in you literally sinned—it gives permission to spirits and they come and dwell inside of you.
- The spirit of fear, how does that work? That means if I have it, all Satan needs to keep doing to keep me occupied is to cause events that make me fear.
- That spirit is in me already and all it does is keep talking to my mind; it tells me, “you should be afraid of this” --oh It’s bad.
- This is why I tell you nobody’s independent of a spirit because if that spirit left you alone, but it can’t leave because you always have to have a spirit in the house.
- So, if God is not there, it has to be there. Now, somebody will say, “well, I’ve seen Christians have the spirit of fear; well, that is true. But what’s happening when you subscribe to that spirit of fear, it has done something to your belief in God.
- So, God might be fighting to win you back, but you’re choosing to describe to that spirit. This is why when you that things like, “we’re human beings, we’re all sinners.”
- You did not finish that verse, “we WERE sinners, saved by Grace! You’re not allowed to call yourself that—that means if you see the problem, you have to attack it.
- If you have the spirit in your family, you never know you have these spirits by the way, but your family typically looks like it.
- Cause usually the spirit that governs your family, starts to govern you. So, if your parents were like—if your father was a very proud, arrogant man—you don’t know when you’re being arrogant—you don’t cause it’s normal to you.
- If mom was the one that was abused by dad, because that spirit is alive in your family, you develop that habit that made her stay.
- You end up attracting the one that beats you and you end up staying; that’s how that spirit works. **(We’re together?)**
- Timothy says, “God has not given you the spirit of fear,” meaning if the spirit of fear is working in you, it is not the Spirit of God.
- It’s either therefore you are in the Spirit of God and if you are in the Spirit of God, you can see the bad habit and attack it right away.
- If you’re a male and a woman cannot pass by until your eyes has looked upon her bosom, that’s a spirit right there; deal with it right away.

What did the bible tell us Job did?

He made a covenant with his eyes never to look at a girl lustfully.

- When it almost became a problem with me, we looked into the sun. So now I need glasses! What did the bible say, “if your eyes cause you to sin (**do what?**), knock it out,” meaning deal with it! Knock it out.
- I’m not doing it for you, you do it for you. If, you cannot literally go to sleep without seeing six packs in your dream and “you running your hands,” deal with it now.
- He’s not going to do it for you—it’s part of the process of taking back permission by dealing with your body. **(Are we together?)**

- But if the Spirit of God is in you; “but the power of love and of sound mind,” so if the spirit of the enemy is in you, the effects of it is always limiting but if it’s the Spirit of God in you, the result is “love and of a sound mind.” Power, love and of sound mind.
- I want you to see the difference of what the bible is talking about this—amen.

The Spirit of God:

Why do we then need to receive the Spirit of God? Because the job of the Holy Spirit is to “restore value and purpose in what is considered mundane due to the fall. Everything in nature has value—a Spiritual value.”

- What did sin do to us—do you remember when Adam was cursed—what happened next; how was his curse? His curse had to do with the ground; back in the day, it was a 100% guarantee that what you sowed it would grow.
- But then the fall came, then it was not even a 50/50, it was other factors that affected what happened. **(Alright?)**.
- There was a curse. The job of the Holy Spirit is to restore upon you, the value by which you were created for.

Why do we obey the voice of the Holy Spirit, why?

Is it because we should do good things? No, He knows why He formed you the most efficient and best way to use your life to get you to that place of, “I came, I saw, I concurred, I did what I was supposed to do,” requires the maker to guide you.

- So, that’s why we have the Spirit. What is the job of the ruler of the air? His job is to make sure you are never used for the purpose that you were created by separating you from the manual—the actual Maker’s thoughts.
- So, it is of the Spirit of God leading you in the power, love, and a sound mind; Satan rather lead you with fear because with fear you’re never going to attain anything; the biggest enemy to faith is fear.
- I will not walk in faith in fear (**no**), that means in having fear, you’re giving God a limit on how far He can take you. **(Are we together?)**
- If you’re walking with any spirit except the Spirit of God, you’re placing limitations on how good God can be with you.
- So, the job of God is to restore—so let me tell you this story behind this and I hope I can get to the end of this.
- The way God talks to me sometimes is He would say one word and a ten-page essay goes in my mind; and I understand everything about that word in a second.
- When He said something to me, this time He took His time and I got too excited in the process that, I’m hoping that I can communicate what I saw.

- In other words, I need you to understand this part; the Holy Spirit's job is to restore what we think is mundane. There are things in nature that we think are just normal—such as the birds we see every day.
- The birds have spiritual value; that's why He says, "look at the birds in the air" in fact, look at what Paul says, Paul said, "if you want to see that God exist, (where did he tell you to look)? In nature" (**why?**) because His essence is in it.
- That means His Spirit is still working with even beasts and animals. This is why people even worship the bird—because they can see the essence of divinity in it.
- Or even other animals; flowers, the bible says, "you'll never trace it back to the God, that's why.
- If you're able, literally to even just focus into nature in more of a meditative state, you will see divinity and essence in nature. This is why meditative religions tend to see things.
- Things that we consider to be normal, such as love; we don't know why we want to be in love so much to marry, after you've married, you're looking to get out!
- But when you've gotten out, you want to go back in; what is driving you? That is because love actually has spiritual implications that is so deep—the bible says, "everything passes away except love," because God is love.
- When you love somebody else, that's the piece of God going out of you. You don't even see God anymore in love, "it's just how I feel about you and how you feel about me, let's make it work."
- Your marriage won't work if you don't see the piece of God you're giving. If you haven't understood the value in the piece of God that He's giving you to give the person, you can't stay married.
- So, what is the one mundane thing? So, here is another story God gave me: I was sitting down early in the morning doing my quiet time and I could tell He's not talking to me; but usually I don't care—I just keep pressing on.
- But my whole atmosphere is dry—I can't even utter a prayer—I just keep writing; all of the sudden when I get to the place and I write, "mundane," immediately, He flushes at me and tells me, that "a woman is the most undervalued entity that if humanity understood what a woman was;"
- That's the first example God gave me in the realm of the Spirit is a woman. When He revealed it to me, I busted the door open and said to my wife, "what do you want me to do right now—what do you want?"
- She was like, "why are you acting all weird right now?"
- I was like, "no you don't get it; I just saw a vision and the first thing God tells me is the value of a woman and why a woman is under attack in this generation."
- In fact, let me tell you the end result before I give you the process; the reason why a woman has to be under attack is because the woman is the gatekeeper by which life or death can happen on earth.
- Here is an example of Eve—not the one that ate the thing—just the good Eve, (his wife comes on stage).

- When God created a woman—in fact, God introduces the concept of a woman in the book of Genesis before her creation—when He was talking to Adam and says **(what?)** “Replenish and multiply.”
- Now, God only brought up one aspect of a woman, and it had to do with giving life; but I want to explain it to you.
- In the book of Genesis, God says “replenish” **(what was He telling the man?)**, He was telling the man that was perfect at that time, that I “gave you a helpmate.”
- By the way, “helpmate” doesn’t mean she’s your assistant; **(who is the Holy Spirit?)** the Helpmate. **(Let that sink in for a second)**.
- It’s a special function they have; so, when God told man to replicate, what He was saying is, “I created you as a perfect and good man, but you need the woman in order to sow your seed in her; because when a woman agrees to take in your seed, she’s agreeing to the vision that you have for reality.”
- When a woman says yes to a man and sleeps with him **(right?)**, and marries him—when she’s sleeps with him, she’s agreeing to perpetuate his nature, **(okay?)**.
- If I’m a perfect man, she’s choosing to perpetuating children that come out of perfection; if I’m an evil man, she’s choosing to perpetuate **(what?)** evil.
- My nature is what I’m sowing into her; a woman is the gatekeeper of what is perpetuated. Whether evil is perpetuated or good.
- Before the fall, she was going to perpetuate good nature, after the fall, she perpetuated **(what?)** death.
- So, much so that one of her sons killed the other. **(Keep following me)**; so, when God created the woman, she was **(what?)** a gatekeeper to what exists—what nature populates the earth,
- When God created man, he was the one that was in perfection, she was supposed to perpetuate **(what?)** perfection.
- When sin came, she perpetuated **(what?)** sinners. So, woman, is the gatekeeper—so follow me. We have man already; man has to wait for her permission before he can be perpetuated. **(Are we together?)**
- But what do you see right after man fell? Remember dominion was given to **(who?)** man to perpetuate with his wife, **(what?)** dominion—perfection.
- When man lost the dominion and Satan received it, what do you see next in the bible? All of the sudden you see that man, male was replaceable.

What do you mean?

You would never find in the bible—or in humanity, where a woman or a birthing person was ever replaced; but you will find that a man could be replaced. **(How?)** all of a sudden because dominion was given now to Satan, what do you see next according to the bible?

- Fallen angels started sleeping with women and they had **(what?)** babies. **(Why?)** cause when we gave dominion to Satan, now he wanted to perpetuate his DNA to replenish the earth with **(what?)** fallen nature, of fallen angels.

- So, he took dominion from us and kicked us aside and he had seen now, he didn't need man, he could just do it himself by going to the gatekeeper.
- You cannot replace woman, but man can and an angel now has seed; so he started having babies with women and they were the giants.
- But then, I got up and ran to her at that point and I was like, "you are the gatekeeper." Nothing can come into existence without a woman's permission—another being.
- But a woman, the gatekeeper—only through her can the nature of one who has seed can be perpetuated.
- Remember that God's agenda is whoever fills the earth, wins the earth. When man sinned, we gave dominion to Satan to replicate—so he sent in angels.
- So, then that stopped, and I ran to her, but I didn't know that God hadn't finished; So, on Thursday when we left bible study and went for gas, as I touched the pump, the rest of the vision flooded and I could not pump gas, I put it back.
- I then went to the car, and I was like, "I'm done." All of the sudden, a woman is so irreplaceable— **(what am I telling you today?)** I'm telling you the value of a woman in the realm of the Spirit.
- If you're living by Spirit as a man, you have to know this before you can walk with them according to love.
- I'm showing you the first thing God showed me; it was when I was about to put gas—you know what the Lord told me? He said, "this is why even Me, God, had to come to a woman Mary, and reveal to woman to have My seed; and she had to give me the yes."
- How did she say yes? "Let it be done according to your word." Man, Angel, and God waits for the gatekeep to plant the seed—the value of a woman.
- When you see after the Spirit—so, then the Lord tells me immediately; He says, "why is the devil attacking them, He says, if the devil dare, cause them to know their value, he cannot keep perpetuating his nature in fallen men."
- This why in them they have a desire for the bad boys; if they knew what they were—if they understood their value, **(so, what is Satan's objective?)** to make sure they don't know their value but to lift a man's ego so much that he has to dominate and suppress her.
- Because the minute she rises, (another thing I told her about Eve), the way God created the helper, man depended on her so much that Adam could not question her—even when it had to do with coming against God.
- This is why Paul said **(what?)** to the woman, "sit in silence" **(why?)** because the minute you speak, if it's a true man of God, he ends up listening to you.
- Because of the power God created a woman with—that Adam did not look at Eve and say, "God said no." That means in perfection he trusted in her so much that what she said, even against God, he followed.
- Not only is she the gatekeeper but what she does—this is why when you get married what is the advice, they give you in counseling? Just say yes—there will be **(what?)** peace.
- Happy wife is **(a?)** happy life—that comes from scripture by the way. Meaning, literally, she's a gatekeeper.

- The bible calls women the weaker vessels, but the bible calls her the body—meaning, you can't walk without your body; that means you, as a man, will not fulfill your destiny without your body.

Did you hear me?

All I do is receive the revelation—the light that passes through the body; but if the body says no, you are going nowhere.

- Sisters do you feel lifted? Know your value. Because you choose whether life or death perpetuates the earth—you're the chooser.
- You choose whether it is a man that is broken you want to perpetuate or, you're going to perpetuate the one who has the life of God, that's your office—all of us—God, man, angels, wait for you for the permission—I use the word permission loosely—but you understand what I'm saying.
- You're the gatekeeper, we just walk through the door; next week I'll take you into the house.

Thank you so much!
